

Bentonville High School Band

Instrument Rental Cost

It is encouraged that each student purchase their own instrument. However, in certain circumstances Bentonville High School provides professional quality instruments that are considered high in cost at a nominal rental fee to students. Fees are paid each semester, per instrument used.

Instrument rental fees help pay for repair of the instrument in case of accidental damage. Students are responsible to maintain and care for their school equipment.. Students must return their school owned instrument cleaned and polished or they will be charged the associated cleaning fee.
